Alyssa Van Oostveen

WHAT I AM DOING .

My goal is to help train fellow Christians in the art of filmmaking and acting for the screen to help get more Christians into the film industry to be a light and a witness to those in film. I feel as a follower of Christ it is my job to use the gifts God has given to me to be a support for others who feel lead to enter into the same industry I do, Film.

In pursuit of that goal, I am working with a mission organization called YWAM located in Dunham, specifically with their film ministry. One of the main things we do is train young storytellers with our School of Digital Filmmaking and School of Acting for the Screen.

As having done both these schools, I can testify to how they prepare you well to enter the industry and my heart is to see our school graduates take their place in both film and acting!

Working as a YWAM staff, I have a voluntary role and am not paid; therefore YWAM workers rely on a network of supporters who believe in the projects God has called us to. If you'd like to support me with this project, here is more info on how to do so.
